LIGHT IS THE TASK WHEN MANY SHARE THE TOIL

JOIN YOUR LOCAL CLUBS

Snowmobile trails are not like roads and highways that have permanent locations. Each year club members must go to each landowner to renew trail easements. Often the landowner wants the trail to be moved to protect a new crop on the field where the trail was last year. This requires the moving of posts and signs, and brushing plus the installment and removal of post & signs that is required each year. Your volunteering for one or two half days per year can cut the labors of a few down to where they will continue to keep the trails open for years to come. As it is now **these few are tired and are threatening to quit!** PLEASE DON'T LET THIS HAPPEN. Most clubs invite volunteers to attend cookouts.
